
The Heart-Smart Tests That Could Save Your Life!

Heart Month Specials

Discounted Coronary Artery Calcium Scans & FREE Peripheral Arterial Disease (PAD) Screenings

Coronary Artery Calcium Scanning Discount: *$65.00

DETAILS

Coronary Artery Calcium Scans

In just 20 minutes, this non-invasive computerized tomography (CT) scan can reveal deposits of plaque within the walls of your heart—an early indicator of heart disease and a crucial tool for assessing your risk of a heart attack.

DATES

Wednesday, February 4 & Friday, February 20

Please note: This special price of $65 is a cash offer, and no insurance claims will be filed.
(We encourage you to discuss the advantages of cardiac calcium scoring with your physician. Remember, a physician's order is necessary to schedule your test).

FREE Peripheral Arterial Disease (PAD) Screenings

If you are over the age of 55, you may be at greater risk for PAD, especially if you are African American, smoke or have a history of smoking, have diabetes, high blood pressure, high cholesterol, or have a personal or family history of vascular disease, heart attack, or stroke.

DATES & TIMES

Wednesday, February 4 & Friday, February 20
8:00 a.m.-12:00 p.m.

Free!

Peripheral Arterial Disease (PAD) significantly increases your risk of heart attack and stroke.

Free parking and giveaways! Registration is required.

Appointments are limited.
